Lemon and Little Lemon

Deerhoof

Farmer wins a trophy and hands it to you.
The little lemon hides its rind.
Sour person's double mind,
Who won't let go of you.
A troubled team, a little lemon who
Still lives inside of you.The tree won't bend and make the shade.
Twenty persons' lemonade,
Who want too much from you.
A troubled team of little lemons who
Still live inside of you.A little sibling makes the choice for two.
Which one was you?
Lemon and little lemon..
Lemon and little lemon,
Growing too low.
