Caroline

Rhett Miller

Friend of mine
You're so tall and so thin, all alone
Heart, blood, a heart made of stone
Take my hand
Darling, don't squeeze my fingers so hard
Yeah, we're off to a curious start
Please, don't leave
'Cause I'm begging you
I would be devastated
'Cause I feel like we could have made it
Caroline, Caroline
You're so strong
A picture of cool I must say
I will love you forever today
There you go
Please, don't leave
'Cause I feel like we could have made it
Caroline, Caroline
I am my own arch enemy
I am my own arch enemy
Here we go
I can't believe all the things we have done
I cannot believe I am the one
Caroline
I am my own arch enemy
Caroline
I am my own arch enemy
Oh, and I would be devastated
'Cause I feel like we could have made it
Caroline, Caroline
I am my own arch enemy
I am my own arch enemy
