

# Caroline

**Rhett Miller**

Friend of mine  
You're so tall and so thin, all alone  
Heart, blood, a heart made of stone  
Take my hand  
Darling, don't squeeze my fingers so hard  
Yeah, we're off to a curious start  
Please, don't leave  
'Cause I'm begging you  
I would be devastated  
'Cause I feel like we could have made it  
Caroline, Caroline  
You're so strong  
A picture of cool I must say  
I will love you forever today  
There you go  
Please, don't leave  
'Cause I feel like we could have made it  
Caroline, Caroline  
I am my own arch enemy  
I am my own arch enemy  
Here we go  
I can't believe all the things we have done  
I cannot believe I am the one  
Caroline  
I am my own arch enemy  
Caroline  
I am my own arch enemy  
Oh, and I would be devastated  
'Cause I feel like we could have made it  
Caroline, Caroline  
I am my own arch enemy  
I am my own arch enemy
