Face Down

Airlock

Face down - to the ground
I'm walking away, towards my goal
So far, soEyes towards the son, i hear i listen
Ever so slow, i'll take a chanceVictory, i won't let that wheeler-dealer
Follow me, time runs out
Authority, i can't let those interferers
Pull me down, get one up (on me)Face down to the ground, who's laughing now?
Never say never , i'm hearing you say
Take it or leave it, i carry the keyChorusBreakChorusFace down to the ground, i'm walking away
Ever so slowly
Ever so slowly
