Strange Creatures

Jake Bugg

Ooh it's cold world, but it's home to me
Ooh well a little ghost of a girl, she came to me
She's been hauntin' meStrange creatures, oh yeah you and I both
Strange creatures, deep down you and I bothThis man knows it all, don't have a clue about me
I'm in a nightmare, not a thing can set me free
If only I could seeThat we're strange creatures, oh yeah you and I both
Strange creatures, deep down you and I bothOoh hmm
Ooh hmm
OhStrange creatures, oh yeah you and I both
Strange creatures, deep down you and I bothStrange creatures, deep down you and I both
