

# The Reaper

## Sever Your Ties

Welcome to the Evil's nightmare  
See the demons dancing round  
waiting for the reaper's rising

Looking out for Satan's crowdThe grave is open, a digger's smile  
please welcome the deadLook Behind You; He Stands Behind You

The Reaper Shall Return

Look Reside You; Walks beside You

The Reaper has ReturnedTonight the Reaper's party is open

Get entrance, get the trance

Forget about the words of warning

Forget about the smell of deathThe raft of death now leaves the landing

Waters wipe out space and time

Black man gives a skinless smile

Cold greetings reach your mind
