

# Speak to Me

[Amy Lee](#)

Be still, my love  
I will return to you  
However far you feel from me  
You are not alone  
I will always be waiting  
And I'll always be watching you  
Speak to me...I can't let go  
You're every part of me  
The space between is just a dream  
You will never be alone I will always be waiting  
And I'll always be watching  
We are one breath apart, my love  
And I'll be holding it in 'till we're together  
Hear me call your name  
Just speak, speak to me...I feel you rushing all through me  
In these walls I still hear your heartbeat  
And nothing in this world can hold me back  
From waking through to you We are one breath apart, my love  
And I'll be holding it in 'till we're together  
Hear me call your name  
Just believe and speak to me...Be still, my love  
I will return to you...
