

I'd Never Find Another You

[Tony Orlando](#)

Don't ever worry that I'd leave you
That's such a foolish thing to do
How could I ever go
When in my heart I know
I'd never find another you I might find other arms to hold me
But they'd only leave me blue
The thrill of your embrace
Is what I can't replace
I'd never find another you Though there are times when we may quarrel
I can't stay mad at you
For more than just a minute or two, now I know I'd never want to leave you
'Cause if I search my whole life through
I know there'd only be a second best for me
I'd never find another you
