Dirty Tricks

Optiv, BTK

a knock on the door, a declaration of war
we're taking over to the sound of guitars
wrong is made right, tables are turned
cause i'm here to teach and they've got to learnburning tires, building bombs, throwing bricks
so it goes when the kids are sick of your dirty trickspower in the hands of those rich enough to buy it
we're taking it back with this musical riot
politicians, police and the laws
kicking them out with our rocking armed forceburning tires, building bombs, throwing bricks
so it goes when the kids are sick of your dirty trickshope i'm dead before i'm old
things aren't going very well
honey, you and me are being bought and sold
i knew i was in trouble, didn't know i was in hellburning tires, building bombs, throwing bricks
so it goes when the kids are sick of your dirty tricksdirty business, dirty deeds and dirty politics
we had enough, the kids are sick of your dirty tricks
