

# Dirty Tricks

## Optiv, BTK

a knock on the door, a declaration of war  
we're taking over to the sound of guitars  
wrong is made right, tables are turned

cause i'm here to teach and they've got to learnburning tires, building bombs, throwing bricks  
so it goes when the kids are sick of your dirty trickspower in the hands of those rich enough to buy it  
we're taking it back with this musical riot

politicians, police and the laws

kicking them out with our rocking armed forceburning tires, building bombs, throwing bricks  
so it goes when the kids are sick of your dirty trickshope i'm dead before i'm old  
things aren't going very well

honey, you and me are being bought and sold

i knew i was in trouble, didn't know i was in hellburning tires, building bombs, throwing bricks  
so it goes when the kids are sick of your dirty tricksdirty business, dirty deeds and dirty politics  
we had enough, the kids are sick of your dirty tricks
