

# Makin' Out

Mark Owen

I'll be the one who brings you coffee  
When you can't get up  
I'll be the one who turns the light out  
When you go to sleep  
I'll be the one who turns your stomach  
Into somethin' else and you say  
Shut up, shut up, every time I say  
I'll be the one who takes your coat off  
One to take the blame  
I'll be the one you call your lover  
Every now and then  
You'll be the one who keeps me sober  
One to keep me sane and you say  
Shut up, shut up, every time I say it  
And I'd cut my fingers to the bone  
And I'd split my sides in for you  
Tonight, we throw ourselves away  
And we make it every timee  
When I thought I was okay  
You said I was alright  
As the night comes crashin' down  
We catch ourselves a line  
Yeah, we're only makin' out  
If we make it out alright  
I'll be the one who stands beside you  
In the photograph  
I'll be the one that's in your water  
When you want me there  
I'll be the one you're fallin' over  
Every time you laugh and you say  
Shut up, shut up, every time I say  
I'll be the one who keeps you guessin'  
Who swears a lot  
I'll be the one that let your colors  
In the white wash  
You'll be the one that knocks the man out  
I was beatin' up and you say  
Shut up, shut up, every time I say it  
And you cut my face, I told you so

And I'd tear my eyes out for you  
Tonight, we throw ourselves away  
And we make it every time  
When I thought I was okay  
You said I was alright  
As the night comes crashin' down  
We catch ourselves a line  
Yeah, we're only makin' out  
If we make it out alright  
And I'd cut my fingers to the bone  
And I'd split my sides in for you  
Tonight, we throw ourselves away  
And we make it every time  
When I thought I was okay  
You said I was alright  
As the night comes crashin' down  
We catch ourselves a line  
Yeah, we're only makin' out  
If we make it out alright
