

Smile From The Streets You Hold

John Frusciante

Its been so long
Since I felt the heat of the sun on my paw
You're the one who knows me at best
'cause your (?)
Always smile from the street
You hold my heart in my hands while I'm beat
Oh yer always on the decline
You take another sip of wine
A toast to us
Your the one with the stars
(john throws some electric guitar here, I think to cover up some words
He wasnt willing to share...)

You hold the sign
For the one that you love
That you
That you
(long instrumental)
Run
You're the one in the sky when you go
You know your wind. the planets grow
Your in the sun, you face it to go
