

# Bullshit

## Grace Jones

And if I wonder down the wrong road,  
It's alright baby, just let me go,  
If I get tired of all those assholes,  
It's alright cause' I want them to know.I'm sick tired of all this bullshit,  
Same shit, ( ? )  
And jesus come on down and save us, save us, ( ? ).( ? )  
And feeling sorry, makes me fell mad,  
Someday, baby I couldn't ( ? ).I'm sick tired of all this bullshit,  
Same shit, ( ? )  
And jesus come on down and save us, save us, ( ? ).I'm sick tired of all this bullshit,  
Same shit, ( ? )  
And jesus come on down and save us, save us, ( ? ).And if I wonder down the wrong road,  
It's alright baby, just let me go,  
If I get tired of all those assholes,  
It's alright cause' I want them to know.I'm sick tired of all this bullshit,  
Same shit, ( ? )  
And jesus come on down and save us, save us, ( ? ).
