## Motor Ace

Hey I can't be around here this year  
Sometimes I'm so  
This time I'm sorry  
When she walks in my space  
It's a reason I feel strange  
All of these lovers making me nervous  
Make like you don't mind  
Reasons we don't connect sometimes  
You're not alone in lies this time  
So I won't be there  
It's just that I feel spare  
Hey I won't be smiling inanely  
Distance can mean so many things  
Silence, I'm sorry  
When she walks in my space  
It's a reason I feel strange  
All of these lovers making me nervous  
Make like you don't mind  
Reasons we don't connect sometimes  
You're not alone in lies this time  
So I won't be there  
It's just that I feel spare  
When she walks in my space  
It's a reason I feel strange  
All of these lovers making me nervous  
Make like you don't mind  
Reasons we don't connect sometimes  
You're not alone in lies this time  
So I won't be there  
It's just that I feel spare
