

# City In a Situation

## Something Relevant

People go easy!  
City, catch me the phrase  
More than you can feel  
but never tell  
yes lord I'm trying  
I tried to praise

Distance encroached upon  
Spaces Empty  
Where I Go  
The food is plenty

Chorus  
This ain't our x2  
This ain't our lord  
This ain't a catch 22..... phase

Lights out on the corner  
Street dog baskin' in its neon light  
Sun's fade didn't go  
No its left us..  
its left us behind

Where the poets are missin'  
and our prose ain't much to say  
Lying's not guessing how much do I need to pay

Chorus Repeat x2
