# Turn You Inside-Out

## R.E.M.

Divide your cultured pearls in haste
I'm looking for to lay to waste
Of all the things I cannot taste
And this is not the racy race
They spoke loud
I believe in what you do
I believe in watching you
I believe in what you do
(It's what you do)
I believe in watching you
I could turn you inside out
What I choose not to do
I could turn you inside out
What I choose not to do
Given the choice
Given the heart
Given the truth
Given the word
Given the cheers
I believe in what you do
I believe in watching you
I believe in what you do
(It's what you do)
I believe in watching you
I believe in what you do
I believe in watching you
I, I, I could turn you inside out
What I choose not to do
I could turn you inside out
What I choose not to do
I believe in what you do
I believe in watching you
(Given the choice)
I believe in what you do
(Given the heart)
I believe in watching you
(Given the truth)
I believe in what you do
(Given the word)

I believe in watching you
(Given the cheers)
I believe in what you do
I believe in watching you
I could, I, I could turn you inside out
What I choose not to do
I could turn you inside out
What I choose not to do
Given the choice
Given the heart
Given the truth
Given the word
Given the cheers
Given the choice
Given the choice
Given the choice
