Dimension (FlatOut2)

Wolfmother

I fell down in the desert, baby
I had nothing but a piece of paper, yeah
I had to write something down
And I found myself alone
And then I let go of everything
Into another dimensionLightning crash on the hill tonight (yeah)
I got a feeling everything's gonna be all right
Then a horse came running to me
Said we're gonna go to the sanctuary
Then a storm began to blow
Into another dimensionPurple haze is in the sky
See the angels--we die
All these things we bow astride
Till we see the reasons why, oh yeahI fell in the desert, baby, yeah
I had nothing but a piece of paper, why?
I had to write something down
But then I found myself alone
Then I let go of everything
Into another dimension
