Duplicate Keys Icaro - An Interim Report

Propagandhi

A primordial flow across the blood-brain barrier.
Cryptic ring structures bind to receptors.
These duplicate keys throw the floodgates open
On a raw datasphere of pure information.An inner path to outer space
Or a facile article of faith?
Falsifiable fantasies
Or freestanding parallel realities?We're so frequently seduced
By such novel, exotic views.
Our confirmation biases
Leverage everything we perceive.Visions so astonishing, preposterous, impossible.A cosmic lattice of calligraphies, geometries
Unthinkable.
Infinite Jaali screens, alive, florescent
As I shatter, melt. Annihilation.Rolling hills. The water flows. The flowers bloom.
There is no me. There is no you. There is all.
There is no you. There is no me. And that is all.A profound acceptance of an enormous pageantry.
A haunting certainty that the unifying principle of the
Universe is love.
