

Young and Dumb Rag

Corey Cyr

What's your hurry?
Don't you run so fast.
You can't run away,
Run from your past.
The trains pullin' up,
And slowin' down at last. Baby, clear your head,
Just free your mind.
Sit back and relax,
Slow down and unwind.
You'll find it all out,
At the end of the line. Wipe your sweat,
Clean off your brow.
Don't stress it,
Live in the now.
There ain't nothing in your future,
For you anyhow. So don't complain,
No problems, I say.
Hear the rail men,
Just poundin' away.
Know that could be you,
Tomorrow maybe even today.
