Details

Goodnight Nurse

I'm consumed by the idol of you
In my head i wish i never knew
Twists and turns but i cant let it go
Still I wonder why did i have to knowOh, oh
Running through the details
Oh, oh
Tried to quit but I failed
Oh, oh
I attempt to exhale
I take a deep breath in
And now i gotta let it go, ohThis is haunting me so, oh
Watch it cast a shadow
Waste my life, let it go
Why did i have to know(I'm left with)
All the mess that it made
(Erase it)
How can i be saved
Twists and turns but i cant let it go
Still I wonder why did i have to knowOh, oh
Running through the details
Oh, oh
Tried to quit but I failedOh, oh
I attempt to exhale
I take a deep breath in
And now i gotta let it go, ohThis is haunting me so, oh
Watch it cast a shadow
Waste my life, let it go
Why did i have to knowWhy did i have to know
Why did i...Oh, oh
Running through the details
Oh, oh
Tried to quit but I failed
Oh, oh
I attempt to exhale
I take a deep breath in
And now i gotta let it go, ohThis is haunting me so, oh
Watch it cast a shadow
Waste my life, let it go
Why did i have to know
