

# Appaloosa

## Davol

Appaloosa, runnin' wild in the dead of the night  
Appaloosa, you're the message of love and light Apparitions, they grow wild in the plains of my mind  
I get visions of the mountain that I must climb Freedom ain't no illusion, a truth no money can buy  
With your sweet absolution, I will follow my star  
For the rest of my life, it goes on and on Appaloosa, runnin' high in the heavens above  
Appaloosa, you're the angel of God I love Freedom ain't no deception, truth no man can deny  
With your love and direction I will follow my star  
For the rest of my life, it goes on and on Appaloosa, Appaloosa  
Appaloosa, Appaloosa Appaloosa, runnin' wild in the wake of the dawn  
Appaloosa, you're the spirit that turns me on Appaloosa, Appaloosa  
Appaloosa, Appaloosa
