Past Tense Existence

Sunk Loto

falling from a great height
whats beyond this experience
counting down the seconds
before your gone
dead
over
goodbye
forever.
all these hours just a second then your gone
gasp your every breath
of life
yesterdays
faraway
you took him away god
you took it away god
i push you away-away-away
i push you away god
you take it away god
i push away-away-away
i push away
over
goodbye
forever.
all these hours just a second then your gone
gasp your every breath of life
falling from a great height
whats beyond this experience
counting down the seconds
before your gone
dead
over.
