Yin Yang Ya Ya (4x)
Never tought it comes this
Im stuck in opposites
With the half of the perfect guy
Rap him up, gotta close my eyes
Gotta know, gotta let one go
This could keep killing me
And my only damn excuse is Chinese philosophy
What's the kind you take home to mama (aaahh)
What's the kind you take home tonight
[Chorus] (2x)
Yin Yang
All you are
One soul day, One soul night
I'll take the angel (but the devil feels so right)
Clock is ticking , Gotta make my choice (Now listen in the voice)
Gotta know whats feeling right
Cuz i can't keep both guys
I'm sitting on a fence (I could go either way)
And my only damn excuse is Chinese philosophy

What's the kind you take home to mama (aaahh)
What's the kind you take home tonight
[Chorus] (2x)
Yin Yang
All you are
One soul day, One soul night
I'll take the angel (but the devil feels so right)
They both so damn fine
Can't make up my mind (Place on one side fl-fl-fl-flip other on the other side)
Fork in the road
Which way do I go
Yin or Yang
Yin Yang Ya Ya (4x)
Which way do I go
W-which way do I go

Y-Yin Yang
[Chorus] (4x)
Yin Yang
All you are
One soul day, One soul night (One soul night)
I'll take the angel (But the devil feels so right)
