DEVIL KNOWS MY NAME lyrics

Here we are again  
A two sided mirror  
Who am I looking at  
Deep within, within

My heart ventures to the left  
My soul is condemned to the right  
A hedonistic heathen  
Wrapped in another terror night

I'm drowning  
No one has any answers to why  
I'm floundering  
Where will my soul go when heaven meets sky

I am blamed for the heartache  
I am torched for the smite  
But when I look I am the only finger  
pointing back at me

He knows my name  
I live in his heart  
he knows my name  
I am the Devil within me

I muster the suns anger  
I hide in the shadows  
He is coming for me  
This time I am ready

I await his attack  
He is armored heavy  
He is vengeance  
He is Godsmack

He pulls me under  
I grab him and do the same  
And as we surface

My beating heart is the only that remains

This night is growing old  
I have no anger  
But his hate has me cold  
Where am I to go

He knows my name  
I live in his heart  
he knows my name  
I am the Devil within me

The devil knows my name  
The devil knows my name  
for everytime i look in the mirror  
the devil is me  
The devil is me  
I am the devil  
of my own life  
and for this I will  
a thousand eternities
