Naggin'

Tages

Every now and then you get mad
Sometimes I make you sad
Make you want to say kiss my ass
I'm tired of listenin' to you naggin'
She talkin' to me like I'm dumb
I should have known
I should have left that bitch alone
But now I'm stuck with
She talkin' to me like I'm dumb
I should have known
I should have left that bitch alone
But now I'm stuck with naggin'
This is for my niggaz who'll be fuckin' 'round with them feelin's
And you get your heart caught up in the mix
'Cause your love just a fuck what's up her dress and
Never paid attention 'cause you didn't think the girl would start trippin'
Shawty flip the scripted, start sayin' all type of shit out of her lips
And let me tell you what I can't stand
When a women play the role of a man
Talkin' to a nigga like you got to hold his hand
Treat me like a sped, like he lack to understand
I know you know I ain't gone go for the short jackin' all the time
Talkin' to me out of line broad, truly you done lost your mind
You gone fuck round and get my some time
Every now and then you get mad
Sometimes I make you sad
Make you want to say kiss my ass
I'm tired of listenin' to your naggin'
She talkin' to me like I'm dumb
I should have known
I should have left that bitch alone
But now I'm stuck with
She talkin' to me like I'm dumb
I should have known
I should have left that bitch alone
But now I'm stuck with naggin'
A lil more grip a lil less lip
Before I pack my bag on you ass and dip
And a point of no return and you made it that way

Buy the shit that you say every motherfuckin' day
Hope you payin' attention 'cause I got to mention
Dissin' me in front of your friends
Tryin' to get a lil laugh in, your crack in
Then I wanna woop his ass then
Hide behind your fake ass grin with your fake ass friend
Used to them fake ass men
Really ain't no man but you like how he pretend
I'm goin' to keepin' sippin' my Hen and smokin' my herbs
And I'm goin' to need a lot of grill
'Cause of your naggin' girl
The way you talkin' absurd, gettin' on my nerves
All in my ear about to make me hit the curve
Every now and then you get mad
Sometimes I make you sad
Make you want to say kiss my ass
I'm tired of listenin' to your naggin'
She talkin' to me like I'm dumb
I should have known
I should have left that bitch alone
But now I'm stuck with
She talkin' to me like I'm dumb
I should have known
I should have left that bitch alone
But now I'm stuck with naggin'
One day I got shot by Cupid
This was when this relationship went stupid
We was talkin' on the phone too long
Now her ass isn't home
Tellin' me you out with your friends
Find out later on you with your other men
You ain't nothin' but a dividend
Say you suck and fuck but you ain't gettin' nothin'
That's a damn shame it ended like this
And I ain't got love for you bitch
Shoo fly don' bother me
Will I get back with her? Probably
Then I thought about it I won't
Do I really want you? I don't
The headache I really don't want
So I'm goin' to leave her alone
'Cause I can do bad on my own, that's why she gone
Every now and then you get mad
Sometimes I make you sad
Make you want to say kiss my ass

I'm tired listenin' to your naggin'
She talkin' to me like I'm dumb
I should have known
I should have left that bitch alone
But now I'm stuck with
She talkin' to me like I'm dumb
I should have known
I should have left that bitch alone
But now I'm stuck with naggin'
Naggin'
