

# Shoot Shoot (Remastered)

DIO

You know the feeling  
All alone you back to the wall  
And all the doorways  
Are starting to close in front of you No confusion  
Oh no, it came in a spell  
Found it in a wishing well It's a matter of mind  
You know you can be free forever  
So the next time someone  
Points a gun at you Say shoot shoot  
I don't care  
Shoot shoot Hey someone  
If your chains are heavy for you  
Hey someone  
Let it rain  
While I show you the way  
This could be your lucky day It's a matter of mind  
You know you can be free forever  
So the next time someone  
Points a gun at you say Shoot shoot  
I don't care  
Shoot shoot  
Shoot shoot  
Anywhere  
Shoot shoot It's a matter of mind  
You know you can be free forever  
So the next time someone  
Points a gun at you sa  
Shoot shoot  
I don't care  
Shoot shoot  
Shoot shoot  
Anywhere  
Shoot shoot
