Be Here Now

JJ

All the times we said oh god I'll never come down again
How we always meant that how we always felt that
Oooooooo
You take me down when I'm so high up
That I hurt myself when I fall
If you don't believe me
Believe when you see me
I believe the end is near
Will you always be here with me?
I believe in tears so I'm safe
When it ends here today
Let me see what I achieve
Let me see if I believe
What will take me through the darkness
Will you make it to the light when the end is here?
I know I open your heart
And you close my eyes
This is our last goodbye
No this is our last goodbye
This is our last goodbye
