

# Bye Bye

[Alana Davis](#)

By Alana Davis, Pharrell Williams, Chad Hugo I called my mom I called my friend

Looking for a reason to go home again

But you make me feel like I don't belong

Like my heart's too weak and my head's too strong

Opposites attract sometimes but not the way

you're attracting mine

And I can't change the way you are

Even though you think you're some kind of rock star I want you out of my life

'cause your heart is as cold as ice

It's time that you hit the door

I don't want to see you no more You want me to walk like this and talk like that

Dye my hair and don't wear hats

And dress too sleazy and go too far

But all I want to do is play my guitar

And I don't think that it's fair

And I don't think that you care about me

Yeah but I see the way it's got to be

I want you out of my life
