Let It Groove

Jean B. Gerbier

I
Babe, I am eager to learn how to dance, from constantly observing you,
Because I like the way, you let loose your body to the
Sound of the groove. Your gentle kiss upon my cheek is heartfelt.
It sends the deepest shivers of pure enhancement, while dancing
To the groove. This invitation unveils infinite craving, so let's
Dance to the groove.

Chorus
When the music is grooving, let it groove, let it groove, let
It groove, won't you let it groove. 1) Gotta keep on grooving.
2) it's a once a lifetime opportunity to let it groove. 3) Gotta let it
Groove.

II
Babe I want a leave my worries behind and join you on the dance floor,
For this surreal moment, that entice my love to abandon all morals.
Our souls are entangled with obsession, as we express our intimate passion.
This invitation unveils infinite craving, so let's dance to the groove.
