## Fickle Friends

Move with me now  
Move with me now  
And calling you out, oh  
Balance me out  
Balance me o-out  
Move with me now  
Move with me now, oh  
Balance me out  
Balance me o-out Buy me all the things a girl could want in Paris  
Did I ever give you more than you could manage  
Give me everything that you want to forget  
And by the time you change your mind I might have left Move with me now  
Move with me now  
And calling you out, oh  
Balance me out  
Balance me o-out Buy me all the things a girl could want in Paris  
Did I ever give you more than you could manage  
Give me everything that you want to forget  
By the time you change your mind I might have left
