All I Want for Christmas

Ernest Monias

Here it is Christmas Day, and your many miles away
And I wonder if you feel the way I do
In the air there's happiness but in me there's loneliness
Aor all i want for Christmas dear is you

Presents wrapped in Green and Gold
And no arms for me too hold
No lips to whisper softly I love you
Oh happy i would be, to find you underneath my tree
For all i want for Christmas dear is you (2x)

For all I want for Christmas dear is you
