

Superman

Los Lonely Boys

Is it alright if I sing you guys a song?
I'ma do my best right here Why she wants me? I ask myself
I know I'm not the best looking guy around
Oh, does she love me? Well, I guess so
'Cuz she always says I'm her hero She makes me stronger with all she does
Oh, I can't live without her love, no
I stop me a freight train, I fly high like a jet plane
Just so I can get to her She's my lady, I'm thinking, maybe
I'm gonna do what I can
To show that I love her, I really need her
I wanna be her superman 'Cuz she's my lady, I'm thinking, maybe
I'm gonna do what I can
To show that I love her, I really need her
I wanna be her superman For my baby, I'm her man of steel
I can't deny the way she makes me feel Oh, I stop me a freight train, I fly high like a jet plane
Just so I can get to her
Just so I can get to her She's my lady, I'm thinking, maybe
I'm gonna do what I can
To show that I love her, I really need her
I wanna be her superman 'Cuz she's my lady, I'm thinking, maybe
I'm gonna do what I can
To show that I love her, I really need her
I wanna be her superman
