And You And I

Yes

A man conceived a moment's answers to the dream
Staying the flowers daily, sensing all the themes
As a foundation left to create the spiral aim
A movement regained and regarded both the same
All complete in the sight of seeds of life with youChanged only for a sight the sound, the space agreed
Between the picture of time behind the face of need
Coming quickly to terms of all expression laid
Emotion revealed as the ocean maid
All complete in the sight of seeds of life with youOh, coins and crosses never know their fruitless worth
Cords are broken locked inside the mother earth
They won't hide, they won't tell you
Watching the world, watching all of the world
Watching us go byAnd you and I climb over the sea to the valley
And you and I reached out for reasons to callComing quickly to terms of all expression laid
Emotion revealed as the ocean maid
As a movement regained and regarded both the same
All complete in the side of seeds of life with youSad preacher nailed upon the colored door of time
Insane teacher be there reminded of the rhyme
There'll be no mutant enemy we shall certify
Political ends, as sad remains, will die
Reach out as forward tastes begin to enter youI listened hard but could not see
Life tempo change out and inside me
The preacher trained in all to lose his name
The teacher travels, asking to be shown the same
In the end, we'll agree, we'll accept, we'll immortalize
That the truth of the man maturing in his eyes
All complete in the sight of seeds of life with youComing quickly to terms of all expression laid
As a moment regained and regarded both the same
Emotion revealed as the ocean maid
A clearer future, morning, evening, nights with youAnd you and I climb, crossing the shapes of the morning
And you and I reach over the sun for the river
And you and I climb, clearer, towards the movement
And you and I called over valleys of endless seas
