

I'll Be Lovin' U Long Time

Mariah Carey Feat. T.I.

I'll be lovin' u long time
(Eternally)
I'll be lovin' u long time
(Eternally)
I'll be lovin' u long time
(Eternally)
You ain't even gotta worry
About a thing, I got ya, babe
And ain't nobody takin' me away
It's not a game, I'm here to stay
Our love is stronger than any drug
Addictive, just can't get enough
And every time I'm with you I want some more
Just close the door and let's explore each other
Long as I know you got me
I'll be lovin' u long time
(As I can breathe)
I'll be lovin' u long time
(Eternally)
There's no stoppin' you and me
I'll be lovin' u long time
(As I can breathe)
I'll be lovin' u long time
(Eternally)
Don't care what no one has to say
They don't understand us like we do
I need you near me night and day
Together there ain't nothin' we can't do
Scoop me up and we can go
To that little spot where no one knows
Spend a little time just us alone
You can caress my body and never let go
Long as I know you got me
I'll be lovin' u long time
(As I can breathe)
I'll be lovin' u long time
(Eternally)
There's no stoppin' you and me
I'll be lovin' u long time

(As I can breathe)
I'll be lovin' u long time
(Eternally)
I don't want another, ain't gon' never be another
Can't nobody do what you do to me
Don't want another, ain't gon' never be another
Can't nobody do what you do to me
Don't want another, ain't gon' never be another
Can't nobody do what you do to me
I'll be lovin' u long time
(As I can breathe)
I'll be lovin' u long time
(Eternally)
Long as I know you got me
I'll be lovin' u long time
(As I can breathe)
I'll be lovin' u long time
(Eternally)
There's no stoppin' you and me
I'll be lovin' u long time
(As I can breathe)
I'll be lovin' u long time
(Eternally)
I'll be lovin' u long time
(Eternally)
I'll be lovin' u long time
(Eternally)
I'll be lovin' u long time
(Eternally)
I'll be lovin' u long time
(Eternally)
I'll be lovin' u long time
(Eternally)
I'll be lovin' u long time
(Eternally)
