

# Tyrant

## OneRepublic

Watching myself when I'm taking strides but here comes the moon and it feels and it feels like  
An informer quick run away hide before they see you, you know it is all, all a glow

Walking on water seems parlays now you got my trust and it feels, and it feels like sabotage when I'm pulling  
triggers back on myself you know it is all I know, is all I know

And it feels so real from the outside looking in  
And it feels so real from the outside  
From the out  
From the out tyrant  
Tyrant tyrant

Feel capable of most anything this crippled bears gonna sing gonna bring you all the years is  
Quick turn around look your shadows could could not beautiful lies for you is what they do ..

And it feels so real from the outside looking in  
And it feels so real from the outside  
From the out  
From the out tyrant  
Tyrant tyrant

I'll stay with apathy I'm blind but I can see the tyrant to the bone  
I'll stay with apathy I'm blind but I can see

Don't justify me  
Don't justify me  
Don't justify me  
No no no no no no

And it feels so real from the outside looking in  
And it feels so real from the outside  
From the out  
And it feels so real from the outside looking in  
And it feels so real from the outside  
From the out

Tyrant tyrant tyrant oh oh oh
