

Union Song

The Nightwatchman

Here we go For the fired auto workers who were twisted, tricked and robbed
To the peasant in Guatemala in a sweatshop got your job
And she can't feed her family on the pennies that she makes
Meanwhile the crime rate's rising up and down the Great Lake states Like vegetables left in the field, the
signatures smell rotten
On the contracts and the deeds that push the race down to the bottom
As they load the rubber bullets, as they fire another round
I'm heading into the tear gas, dig in, man, hold your ground For Joe Hill and Caesar Chavez who fought in their
own time
For our brothers and our sisters up and down that picket line
For the unnamed and unnumbered who struggle brave and long
For the union men and women standing up and standing strong That's right, Si nos quedemos, juntos vamos a
ganar? Si
Yeah, hit 'em where it hurts and bite the hand that feeds
You might get one to three or probation and a fine
But I know where I'm gonna be, I'm gonna be right on that front line For Joe Hill and Caesar Chavez who
fought in their own time
For our brothers and our sisters up and down that picket line
For the unnamed and unnumbered who struggle brave and long
For the union men and women standing up and standing strong That's what I'm talkin' about Now dirty scabs
will cross the line while others stand aside and look
But ain't nobody never got nothin' that didn't raise their voice and push
Like the steel worker in Ohio, the miner in West Virginia
The teacher in Chicago, janitor in Mississippi
From the sweatshops of L.A. to the fields of Mission Flats
There's a thundercloud exploding and I'm free at last Like Joe Hill and Caesar Chavez who fought in their own
time
Like our brothers and our sisters up and down that picket line
Like the unnamed and unnumbered who struggled brave and long
Like the union men and women standing up and standing strong
Like the unnamed and unnumbered who struggled brave and long
Like the union men and women standing up and standing strong
