

Second To None

Hammerfall

Returned from the dark side I found a greater truth
No doubts or delusions, no higher absolute
A walk through the ages, through history and time
I've seen all the treason, all done by mankind
I deny your illusions
Reject your forceful demands
My dreams are so real now; they all come alive
The age of enlightenment, the power of your mind
Wheels of history turning
Re-spinning out of control
So many mountains climb to be falsified
My spirit is second to none
And my heart can't be denied
My soul is my furnace, my never ending craze
My body is my temple a well-protected maze
False messiah, rejected
Return to your distorted prophecies
So many mountains climb to be falsified
My spirit is second to none
And my heart can't be denied
Returned from the light side
Some answers left to find
In search of my brothers
My one of a kind
So many mountains climb to be falsified
My spirit is second to none
And my heart can't be denied
My heart is torn between heaven and hell
Your gods are rejected
All false prophets will fall
