

Soulmate (Frenglish Version)

Natasha Bedingfield

Incompatible, it don't matter though
'cos someone's bound to hear my cry
Speak out if you do
You're not easy to find Is it possible Mr. Loveable
Is already in my life?
Right in front of me
Or maybe you're in disguise Who doesn't long for someone to hold
Who knows how to love you without being told
Somebody tell me why I'm on my own
If there's a soulmate for everyone Here we are again, circles never end
How do I find the perfect fit
There's enough for everyone
But I'm still waiting in line Who doesn't long for someone to hold
Who knows how to love you without being told
Somebody tell me why I'm on my own
If there's a soulmate for everyone If there's a soulmate for everyone Most relationships seem so transitory
They're all good but not the permanent one Who doesn't long for someone to hold
Who knows how to love you without being told
Somebody tell me why I'm on my own
If there's a soulmate for everyone Who doesn't long for someone to hold
Who knows how to love you without being told
Somebody tell me why I'm on my own
If there's a soulmate for everyone
If there's a soulmate for everyone
