

Mother, We Just Can't Get Enough

New Radicals

There's something about you
Tears me inside out whenever you're around
There's something about you
Speedin' through my veins until we hit the ground And there's something about this rush
Take it away, it made me feel so good
I got a feelin', we got a feelin'
We get a feelin' like we could die Mother, we just can't get enough
We just can't get enough
Lover, we just gotta get it up
We just gotta get it up There's something about you
That tears me inside out whenever you're around
There's something about you that makes me fly
You're a heart attack, just the kind I like There's something about your kiss
Haunting and strange that makes me feel so good
I get a feeling, you get a feeling
We got a feeling like we're alive Mother, we just can't get enough
We just can't get enough
Lover, we just gotta get it up
We just gotta get it up This world ain't got too much time
But baby I'm fine 'cause maybe you're mine
Yeah, we just can't get enough You better give up
Come on give up, yeah
You better give up, give up your life It's you for me, and me for you
You make my dreams come true
Off the wall, I wanna say
"I gotta be with you now, baby" You're on my mind all the time
I found a billion diamonds
I rolled the dice, lost them all
But baby, I just don't mind Mother, we just can't get enough
We just can't get enough
Lover, we just gotta get it up
We just gotta get it up This world ain't got too much time
But baby I'm fine 'cause maybe you're mine
Yeah, we just can't get enough
We just can't get enough 'cause Mother Social Security Number please, credit card number please
