## Voivod

A mistake  
Through my veins  
Now I ache  
I'm in pain  
A mistake  
All it takes  
Now I pray  
For a change  
Down fall down below  
Last call time to go  
To the other side  
Dark is the last ride  
Rotten days  
Come ahead  
Memories  
On a deadbed  
Misery  
Taking place  
Hopeless case  
What a waste  
Down fall down below  
Last call time to go  
To the other side  
Dark is the last ride  
Decay is my foe  
Staring as a crow  
Picking at my pride  
Ruining my last ride  
Down below you're on your own  
No escape Here I lie  
Their mistake  
Took my life  
Down fall down below  
Last call time to go  
To the other side  
Dark is the last ride  
Drifting down below  
Drifting down below
