

There's A Reason

Beekeeper

someones telling me to stay
the times weve had have not been bad
home again, it seems so soon
nothings changed, but its not the same
people dancing all around
just relax, just the facts
soon ill go where i belong
dont be mad, its just a song theres a reason everything is boarded up
theres a reason why tim hortons never shuts
only one reason why wed ever go downtown
but oh, theres a reason we left follow hometown pride to here
its time you know, for a show
they think theres a phoenix here
from the past, in the ash theres a reason everything is boarded up
theres a reason why tim hortons never shuts
only one reason why wed ever go downtown
but oh, theres a reason we left
