Gore Whore

Mister Monster

The seven sins opened at once
A beautiful death that once was lost
Demon hosts upon your tongue.
Your skin cracks, I know you're the dead one
I try not to break your neck
When I suck on your tongue and rip out your back
Sweat soaks your bloody eyes, as I dig inside your unholy thighs!!!
I am the penance for a thousand years of sin
I'd love to cum, be my gore whore...She likes to bat-fuck, she's my little gore whore
My little succubus, wake up little gore whore
Such envy, pride and lust, wake up little gore whore
How I'd love to cum inside my little gore whore!!Never witnessed evil quite like this
Taste the blood and brains upon her lips
Take my hands, take a walk with me.
Down the aisle of unholy matrimony!!
She likes it "spooky"
In her I will always be
She's gonna stretch from the mud
Scream at the moon, from her hands and knees....She likes to bat-fuck, she's my little gore whore
My little succubus, wake up little gore whore
Such envy, pride and lust, wake up little gore whore
How I'd love to cum inside my little gore whore
