

# Gone Too Long

## Townes Van Zandt

I been gone too long  
Too long gone, too long  
I been travelin' hard  
I just can't get back home  
Oh, it's hard to believe  
I done all that much wrong I wanna find me a seven  
Sevens ain't so bad  
Seven's about the best friend  
This poor boy ever had  
Oh, you get you a seven  
One and six don't seem so sad I ain't bein' alone  
Bein' alone too long  
I'm sick of singin' this same  
Ol' lonesome song  
I'm gonna find me a seven and darlin'  
I'm comin' home It's lonesome down  
Along this ol' highway  
Darlin', I ain't stayin' here  
I don't intend to stay  
You may not want me  
I'm comin' home anyway When the sun comes creepin'  
Over the mountain side  
I at least lay down  
And tell myself I tried  
I ain't like somebody gonna sit  
In no ditch and cry I been gone too long  
Too long gone, too long  
Travelin' hard  
I just can't get back home  
It's hard to believe  
I done all that much wrong Too long gone  
Too long gone, too long  
Travelin' hard  
I just can't get back home  
Yeah, it's hard to believe  
I done all that much wrong Oh, it's hard to believe  
I done all that much wrong
