

# Love You When I'm Drunk

Mika

I had a dream last night, I slept with someone else  
Does that mean that I cheated on you?  
It was amazing and I couldn't stop myself  
Could it be that I really want to? Well, if the things we feel count more than what we do  
Guess what, lover I'm leaving I don't want to be that guy  
Look you in the face and lie  
But someone has to say it first  
Even if the words may hurt I only love you, I only love you  
I only love you, only love you, only love you when I'm drunk  
I only love you, I only love you  
I only love you, only love you, only love you when I'm drunk  
Don't get me wrong, last night I didn't change my mind  
It was the drink, it was leaving me blind  
And when I kissed you, it was such a big mistake  
A couple drinks, that's the chance that I take And if I can't control all of the things I do  
I guess I'd better be leaving I don't want to be that guy  
Look you in the face and lie  
But someone has to say it first  
Even if the words may hurt I only love you, I only love you  
I only love you, only love you, only love you when I'm drunk  
I only love you, I only love you  
I only love you, only love you, only love you when I'm drunk I only love you, I only love you  
I only love you, only love you, only love you when I'm drunk  
I only love you, I only love you  
I only love you, only love you, only love you when I'm drunk  
And I may be a little bit drunk, but I know what I've got to do  
'Cause when I get a little more sober I know I'll be over you  
And I may be a little bit drunk, but I know what I've got to do  
'Cause when I get a little more sober I know I'll be over you I only love you, I only love you I only love you, I  
only love you  
I only love you, only love you, only love you when I'm drunk  
I only love you, I only love you  
I only love you, only love you, only love you when I'm drunk
