

9 Lives (Intro)

Kat DeLuna

ohhh ohhh ohhh They say a dream is a fantasy,
For some is just an illusion,
Sometimes a dream is hard to reach
Now you see for me a dream is all I had
It had to be my reality.
It was my only right out of poverty, and the suffer of life,
So I could even see my dream far away
But thank God he use my given talent to help me step up on this big stage where I am going to share and
showcase my gift and passion for music, Now world here I am
Come share my joy and listen to the first chapter of me Kat Deluna
GNB let the southern begin
9 lives hahahahaha (laugh)
