

# You're Gone

## Diamond Rio

I said hello I think I'm broken  
And though I was only jokin'  
It took me by surprise when you agreed  
I was tryin' to be clever  
For the life of me I never  
Would have guessed how far the simple truth would lead  
You knew all my lies  
You knew all my tricks  
You knew how to heal that pain  
No medicine can fix

And I bless the day I met you  
And i thank God that he let you  
Lay beside me for a moment that lives on  
And the good new is I'm better  
For the time we spent together  
And the bad news is you're gone

Lookin' back it's still surprisin'  
I was sinking you were rising  
With a look you caught me in mid-air  
Now I know God has his reasons  
But sometimes it's hard to see them  
When I awake and find that you're not there  
You found hope in hopeless  
You made crazy sane  
You became the missing like  
That helped me break my chains

And I bless the day I met you  
And I thank God that he let you  
Lay beside me for a moment that lives on  
And the good news is I'm better  
For the time we spent together  
And the bad news is you're gone  
The bad news is you're gone

ooooooooohhhhh  
ooooooooohhhhh  
your gone

ooooooooohhhhhh

your gone
