Hot Time (in This City Tonight)

Triumph

We're sending out the invitation
Come and join the celebration, yeah
This old town is up to something
Everybody's really jumpin'
Rock 'n' roll is dynamiteWe got a hot time in this city tonight, oh yeah
Oh yeah, oh yeah, oh yeahRock me baby like a long lost friend
Then roll me over and do it again
I'm so high, up on the ceiling
Everybody's got the feeling
The music's like pure dynamiteWe got a hot time in this city tonight
Hot time in this city tonight
Hot time in this city tonight, yeahLadies and gentlemen lend me your ears
I got the news that you been waitin' to hear
It's no trick, it's a rock 'n' roll treat
The heavy metal kids are dancin' in the streetThis whole town is really havin' a ball
Even got 'em rockin' down at City Hall
I never ever seen such a beautiful sightWe got a hot time in this city tonight
Hot time in this city tonight
Hot time in this city tonight, yeah, yeah, yeahOh yeahHard rock rhythm is in your soul
Baby, let the good times roll
The neighbors wanna call the cops
But the party's never gonna stop
Everything is gonna be alrightWe got a hot time in this city tonight
Hot time in this city tonight
Hot time in this city tonight, yeah
