

# The Go Getter

## The Black Keys

The go getter  
I be the go getter  
Yes, I am  
I be the go getter  
That's my plan  
The go getter  
Hi-fi boom box  
Pretty girl in bobby socks  
After party in a hotel room  
Pretty soon there will be no more  
Stumble home in the pouring rain  
Let the water eat my worried brain  
Some days I just can't get along  
I need the head to leave my shoulders on  
Palm trees, the flat broke disease  
And L.A. has got me on my knees  
I am the bluest of blues  
Every day a different, different way to lose  
The go getter  
The go getter  
The go getter

I got a table at the rainbow room  
I told my wife I'd be home soon  
Big ship approaching the docks  
I got my hi-fi boom box  
Mashed potatoes and cellophane  
I see my life going down the drain  
Hold me, baby and don't let go  
Pretty girls have to soften the blow, yeah  
Palm trees, the flat broke disease  
And L.A. has got me on my knees  
I am the bluest of blues  
Every day a different way to lose  
The go getter  
The go getter  
The go getter  
I be the, the go getter  
That's my plan

That's who I am  
The go getter  
Yeah, the go getter
