Soulfly

Dark ages upon us
Hate surround us
Fear embrace us
Tragedy behind usMedia brainwash us
Spirits guide us
Weakness expose us
Memories behind usJourney in front of us
Roots under us
Strange attracts us
Inner voice calls usEnvy destroy us
Music lift us
Scars remind us
Spark ignite usEverything will pass on
We must go on
Everything will pass on
We must go onIt's up to us
It's up to us
It's up to us
It's up to us
