

Bleeding

Prom Kings

you can not hide from me
i will be there
you say that we're nothing
i say you're scared
do you know what i know?
do you even care?
can you see whats comming baby?
its so crystal clear
don't you know this has me more than bleading
don't you know i can not fight this fealing
don't you go can you not hear me screaming
noooooooooo noooooooooo
you say that you fear me why do you lie?
i say that you love me must you deny?
do you know what i know?
do you even care?
can you see me comming baby?
its so crystal clear
don't you know this has me more than bleading
don't you know i can not fight this fealing
don't you go can you not hear me screaming
noooooooooo noooooooooo
and wouldn't you lose me right now
and i want you to feel me some how
i want you to taste what you have done
and i want u to want me to and i want u to want meeee
don't you know this has me more than bleading
don't you know i can not fight this fealing
don't you go can you not hear me screaming
noooooooooo noooooooooo
shut up you wanted me!
shut up you needed me!
shut up you wanted me!
shut up you scream!
